Summary

As a recent graduate with a Bachelor's degree in Computer Science and Engineering, I am enthusiastic about launching my career in the field of data analytics. Through my academic projects and internships, I have developed a strong foundation in data analysis methodologies, statistical modelling, and programming languages such as Python and SQL. With a proactive approach to learning and a commitment to excellence, I am eager to contribute my skills and enthusiasm to a dynamic data analytics team, where I can continue to grow and make meaningful contributions.
